

2002 Volunteer of the Year

ADOPT-A-HIGHWAY

Community of Old Station

Presented in recognition of your group's civic pride and unselfish spirit. Although few people are aware of the hard work necessary to maintain a roadside, everyone appreciates an attractive highway.

Therefore, on behalf of California's traveling public, the California Department of Transportation Adopt-A-Highway Program wishes to thank each member of your group for the countless hours donated to help beautify the great State of California.
